

INSURANCE WAIVER

Parent Permission Slip:

Accident Insurance

One of the requirements for all athletic participants at Archbold High School is that every athlete in varsity competition be covered by some accident insurance.

The student athlete may meet this requirement in one of two ways:

- 1) By being enrolled in the school insurance program for the coming season or school year, or
- 2) By being covered at home through individual family insurance.

If the student has the school insurance (school time or 24 hour), he is covered for the upcoming _____ season.

However, if the student does not have school insurance, we would like to have some evidence that the student is covered adequately through family insurance. The school will not be held liable for expenses incurred due to lack of accident protection.

Our child, _____, is adequately covered by personal family accident insurance and has my permission to participate in the upcoming _____ season at Archbold High School.
